In response to the Advisory Action mailed July 2, 2002, please amend the above-identified application as follows.

**IN THE CLAIMS**

Please substitute the claim set in the appendix entitled Clean Version of Pending Claims for the previously pending claim set. Specific amendments to individual claims are detailed in the following marked-up set of claims:

1. (Amended) An information handling system, comprising:  
a graphical user interface;  
wherein the graphical user interface is configured to display a channel list including at least one television channel and at least one scheduled internet channel concurrently, and is further configured to provide at least one management function selected from a group consisting of: adding the television channel, adding the internet channel, removing the television channel, and removing the internet channel, wherein the at least one scheduled internet channel has at least one event with a scheduled start time and a scheduled end time.
2. The information handling system of claim 1, wherein the channel list is a favorite channels list.
3. The information handling system of claim 1, wherein the graphical user interface
